

Another Finn Tanker Is Spotted

WASHINGTON, Feb. 14—A second Finnish tanker, loaded with jet fuel for Communist warplanes, has been spotted in the Mediterranean by Western security agents.

But American officials believe the ship's operators may have changed their minds about hauling the highly strategic cargo to Communist China.

The ship, named "Neala," is reported carrying 5,000 tons of aviation jet fuel picked up at the Romanian oil port of Constanta on the Black Sea.

The vessel is reportedly chartered by the same company which tried to move another tanker, the "Wilma," from Romania with 7,000 tons of jet fuel bound for Communist China. The Wilma, defying a U.N. ban on such shipments, is now anchored about 20 miles off Singapore, carefully watched by Western security agents.

Officials who told a reporter of the second tanker said today there is a report the Communists have decided to divert the "Neala" to Aden, a British Black Sea port, because of fear that Allied govern-

Nations With Troops in Korea Confer

UNITED NATIONS, N. Y. (AP)—United Nations delegates from 10 Allied countries fighting for the U.N. in Korea meet today for a closed-door talk about plans—especially America's—for the coming U. N. Assembly. Diplomatic men may find some way to stop it and confiscate the cargo,

sources predicted nothing spectacular would emerge from the get-together.

U. S. Delegation Chief Henry Cabot Lodge Jr. asked the group to meet with him at the U. N. mission for a general exchange of views on the Korean deadlock.

Several delegates indicated they hoped Lodge would lift the veil at least slightly on any U. S. proposals to be put before the 60-

tion Assembly, which resumes next Tuesday.

A diplomatic source familiar with some of the American ideas for the Assembly said the U. S. will take a moderate but firm stand on Korea. He said there was no likelihood that the U. S. would ask the U. N. to approve a naval blockade of Red China or an extension of an economic embargo clamped on China by the U. N.

Assembly in 1951.

Countries invited to attend were Britain, France, The Netherlands, Belgium, Luxembourg, Australia, New Zealand, South Africa, The Philippines, Thailand, Turkey, Ethiopia, Greece, Colombia and Canada.

More than half of all Presidents of the United States have been college graduates.

Poles Doom Two for 'Spying'

WARSAW, Poland (AP)—A Warsaw regional military court last night sentenced to death two men who claimed they attended an American-staffed sabotage-spy school in Germany and were parachuted into Communist Poland from a U. S. military plane.

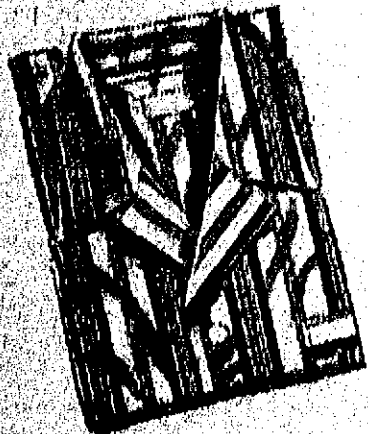

During their one-day trial, defendants Stefan Skrzyszowski and Klonizy Sosnowski presented depositions to the court that gave what they said were details of dropping into Poland from an American Army plane last Nov. 4.

U. S. Army European headquarters in Heidelberg, Germany, has said it has no knowledge of the two men and has denied parachuting spies into Poland.

The wedding will be solemnized Sunday, February 22, in the Noble Memorial Chapel of the First Presbyterian Church.
Miss Townsend is employed in Ardmore and is the granddaughter of Mrs. Ada Townsend of Emmet. Mr. Duke, a Navy veteran of World War II, was graduated from the University of Arkansas, Fayetteville, where he was an outstanding athlete. He is now employed by the United States Government in Washington, D. C.

Lilac Garden Club Has Luncheon at Narrows Lake
The Lilac Garden Club met Wednesday for a luncheon at the H. C. Whitworth's cabin, "Lakeview," at Narrows Lake. Mrs. Lloyd Kinard was associate hostess to Mrs. Whitworth.

Following the luncheon a short business session was conducted by the president, Mrs. A. E. Slusser. Mrs. J. M. Harbin gave a report on the club's project, a roadside park. A report on the City Federation meeting was given by Mrs. Slusser. Mrs. Harbin gave an interesting talk on "Early Pruning." The history of the club and its charter members were read by Mrs. Malcolm Porterfield.
Mrs. C. C. McNeill, Mrs. Mike Kelly, Mrs. Malcolm Porterfield, Mrs. H. C. Whitworth, Mrs. Lloyd Kinard, and Mrs. B. L. Rettig will make the hats which the Lilac Club will model in the Hat Show sponsored by the Rose Club.
After the meeting was adjourned pictures were taken and the group made a tour of the other cabins at Narrows.

DOROTHY DIX

Call Me Mom

Dear Miss Dix: Though I have been married six months, my mother-in-law has never suggested my calling her "Mother." I would like to know whose place it is to mention this. I had believed it to be hers, but it has been so long now that I'm beginning to wonder. My parents asked my husband to call them "Mother" and "Dad" soon after the wedding, and on the wedding day my father-in-law told me to call him "Dad." My mother-in-law has been very kind to me and I'm sure she likes me. MRS. S. ANSWER: Your mother-in-law should have made the suggestion at the same time the rest of the family did. Her failure to do so doubtless was due to the emotional strain—however slight—that usually exists between a woman and her newly acquired daughter-in-law. Since the matter has assumed embarrassing proportions, to you at least, it should be settled as soon as possible. Why not ask her if she minds being called "Mother" by you? Get your husband's opinion first, then on the next propitious

Soldier Held in Death of an Officer

PT. DIX N. J. —A young Brooklyn soldier, described as a former mental patient, was held today in connection with the death of a lieutenant who at first was believed killed accidentally while on training maneuvers, Army authorities said.
Capt. Harry Lapham, public information officer at this Army post, said Pvt. Edgar Owens, 21, has admitted shooting the lieutenant in a signed statement but that no motive was determined.
An investigation into the death last week of Lt. Richard M. Davenport, 22, New London, Conn., determined that he "apparently was murdered," said Maj. Homer W. Kiefer, commander of the 9th Infantry Division.
"Owens will be charged with murder in the next 48 hours," Lapham said yesterday.
The first announcement of Davenport's death termed it a freak accident, because it was thought he was killed by fragments from a shell that exploded 225 feet away, far beyond the safety limit in training maneuvers.
But an autopsy later disclosed that it was a .30-caliber M-1 rifle bullet.
Owens had been treated at the Pilgrimage State Hospital for about three months later, his father William told reporters in New York.
The father said the Army "should have spotted him when he enlisted" and never should have accepted him. The soldier has a five-year auto theft record in New York City. He served a term in Elmira Reformatory in 1940.
Davenport was fatally wounded Feb. 11 as he led his platoon in an assault maneuver. Live howitzer shells whistled above their heads. Platoon members carried loaded rifles.
Two days later, Owens went absent without official leave from the post, taking a car belonging to another GI, Lapham said. He was arrested over the week end on the AWOL and stolen car charges.
Lapham said ballistics tests showed that the fatal bullet came from Owens' rifle.

Accidental Bombing Kills 3 Soldiers

SEOUL —Three American soldiers were killed and five wounded when an Allied warplane accidentally dropped its bombs behind U. N. lines, it was learned.
Air Force and Navy officers refused to discuss the incident, but the Far East Command in Tokyo said it had started an investigation.
An American officer of the unit hit said he understood one fighter-bomber pilot had trouble with his bomb release mechanism while flying toward the Chinese lines on the Western Front.
"The explosives dropped on the administrative section of a front-line battalion. The section was about 2 1/2 miles behind the lines."
The U. S. Fifth Air Force indicated Marine Panther jets were responsible. The Marines have been making their own investigation.

Mrs. Marie Bullock led a discussion on health and safety. A demonstration on rug making was given by Mrs. Ernest Cobb and Mrs. Blackwood, and an interesting series of slides, recipe for color, was shown by Mrs. Blackwood.
Fourteen members, including one new member, Mrs. Kyser, answered the roll call by telling their most embarrassing experience. The next meeting will be with Mrs. Lloyd Collier Thursday night, March 12.

Wake Up To More Comfort

Without Naggling Backache
Naggling backache, loss of poise, dizziness, headache and distress may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When your everyday condition, such as stress and strain, causes this important function to slow down, many folds supporting the back become over-taxed. Backache, irritations due to cold or wrong diet may cause setting up of night or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild, reliable, used successfully by millions for over 50 years. It's a kidney tonic that gives a fine happy relief from these ailments. occasion, say you feel much too close to her to continue the formality of "Mrs." I'm sure she'll be pleased with your attitude.

Husband 70 and Moody

Dear Miss Dix: I am a woman of 50; my husband is 70. We have been married 15 years. I don't know that having married an older man has made me a wiser woman. I knew my husband very well when we were married and I was sure things would turn out well for us. What a sad awakening I have experienced! He is very domineering, not a bit co-operative and doesn't appreciate a thing I do in the house. I know he works hard and is tired at night, but is that a reason for him to be so moody? D. W. ANSWER: It's too bad, but there's no alchemy that gives a woman wisdom just because she chooses a husband older than herself. In fact, many people would insist that such a marriage marks her as an unwise woman. Your husband was 55 when you were married to him—an age at which most men are quite well set in their dispositions. Since you knew him well, you surely must have been acquainted with his temperament. At 70 he most certainly is past reform. Since he is a hard worker and a good provider, you had better learn to appreciate your blessings instead of expecting flexible behavior in a man old enough to be your father.

Dear Miss Dix: My name is Dorothy; I am 16 and have been married six months. I really love my husband and he loves me dearly. Last week I met a very nice man in his 30's and like him very much. I don't know if I'd be doing right to go out with him and see just how much I do like him.

ANSWER: I guess there's a lot of advice a child-bridge could use. Fifteen is no age to assume the tremendous responsibility of matrimony, but since you have done it, Dorothy, you just learn how best to discharge the obligations you have acquired. Do you remember what you promised when you were married? If not, borrow a prayer

Enchantress

Dear Miss Dix: I am 17, and interested in a serviceman who is 20. Recently he asked my girl friend for a date and she refused, because she didn't want to hurt me. Later, under a pretense, he got her to double date with him and his buddy. She called me up to tell me about it. Should I forget him or give him another chance? And should I get mad at my girl friend?

ANSWER: You are taking this too seriously. Since I want to date other girls, you go ahead and date other boys. Obviously, this one has no intention of going steady. Your girl friend certainly doesn't deserve your anger.

Dear Miss Dix: I have become quite interested in a boy in my office who recently married. We are both 18. I go steady with a boy in service, but I find more and more pleasure in being with the married one. Am I just being silly?

T. R. ANSWER: Your behaviour is exceeding the bounds of stupidity; it's becoming dangerous. You are letting yourself be carried away on a wave of sentimentality that will not remain static. Unless completely curbed at once, your feelings for the boy will become progressive to the point where you will endanger your own romance, as well as his marriage. If you can't control your emotions, get a new job.

Truman Not Sure of Full Day's Pay

PHILADELPHIA, Pa. — Former President Harry S. Truman, with pen in hand and tongue in cheek, said today he isn't sure whether he will be paid for a full day last night when he turned over his office at noon to President Eisenhower.

The former Chief Executive's latest excursion down by ways of the public post involves a "Philadelphia lawyer" and a third person to be known only as "Constant Reader."

The "Philadelphia lawyer" is a columnist for the Philadelphia Bulletin. Under that byline—his actual name is blanked in literary anonymity—he discusses and answers legal questions submitted by his readers.

Recently the "Philadelphia lawyer" received a letter in which "Constant Reader" wrote:

"According to the Constitution, President Truman's term ended at noon on Jan. 20 and he went off to the U. S. payroll then. President Eisenhower's term commenced in the middle of the day and he went on the payroll as soon as he took the oath of office.

"With the President's salary at \$100,000 a year, a day's pay or even a half day's pay, amounts to a considerable sum. Now, which one of the two got paid for half the day? Or were both paid for half the day and Eisenhower for the other half? Can you tell me who got what?"

"A puzzler," commented the Philadelphia lawyer in today's column.

likely to die if he throws up his hands, he doesn't know what to do with himself, he feels useless and unhappy, and his resistance to the common cold is lowered.

"I say that's a lot of hogwash," says Boyle. "I think it's better to know who I think is behind my wife's headache. Says she doesn't want me around the place all day, wearing out the furniture and poking my nose into her kitchen."

Governor of Tennessee Guarded

NASHVILLE, Tenn. — The state highway patrol is maintaining a 24-hour armed guard at the Tennessee governor's mansion, presumably following threats to Gov. Frank Clement or members of his family.

Hilton Butler, state safety commissioner, said the guards were stationed "as a result of the receipt and repetition of certain information and communications."

He did not elaborate.

The 52-year-old governor could not be reached for comment.

most of that area's wheat crop is doomed unless moisture comes immediately.

A drought during the latter half of 1952 and insufficient moisture this winter left the soil dry and loose. The high winds can easily whip the soil from around young wheat plants, killing them.

The new dust storms brought memories once again of the black blizzards of the 1930s when wind erosion put thousands of farmers and ranchers out of business.

Yesterday's blow, with gusts up to 50 miles an hour, sent up clouds of dust over Western Kansas. At Great Bend, visibility was out to one-eighth of a mile at times.

In Oklahoma motorists at lunch in the central part of the state reported dust so thick they couldn't see their heads anymore.

Winds up to 45 miles an hour kicked up dust in the Panhandle and West Texas, but light rain fell in North and East Texas.

Southern California also suffered from winds. Gusts up to 3 miles an hour whipped up dust from parched fields that have been without rain for 20 days.

Farm Program

the shooting is about in connection with Benson's statements."

Benson has said he favors flexible price supports rather than a mandatory support level of 90 per cent of parity or higher, as demanded by many farm state senators.

Sen. Humphrey, Minnesota Democrat, joined Fulbright in firing the Republicans about farm policy.

Fulbright said that if the Benson ideas were applied to tariffs, many inefficient American industries would be eliminated. The Arkansas said he favored reduction of import duties and a shift toward free trade.

Taft came up shouting and dared Fulbright to name "inefficient industries that should be destroyed."

Fulbright in turn accused Taft of "trying to put words in my mouth."

By JOE HALL

WASHINGTON, D.C. — Democrats displayed quiet confidence today that they have found an issue which may win them the 1954 election and perhaps lay the basis for a return to national power in 1956. Many Republicans take issue with that appraisal.

The issue is falling farm prices and the views of Republican Secretary of Agriculture Benson, which Democratic lawmakers assert are opposed to high-level, mandatory price supports.

GOP Senate Leader Taft of Ohio, conceded yesterday that "if the Republicans don't do better than the Democrats did in the last two years" in checking farm price drops, "we probably will lose the next election."

But Taft scornfully added this should not be a hard task because, he said, "under the Democrats, farm prices have been going down for the last two years."

The Agriculture Department meanwhile, reported an advance in hog prices and officials there cited it as evidence supporting their contention there is a firm foundation under the agricultural situation.

A department market survey showed prices of hogs paid producers on eight major Midwestern markets have gone up an average of \$1.70 for 100 pounds since mid-January. That is about 9.7 per cent. Further, the department said, hog prices on those same markets now average about \$2.35 for 100 pounds above those of a year ago.

Democratic congressmen made no secret of their plans to continue the sort of dramatic attacks on Benson which followed a controversial speech the secretary made last week. Some Democrats contended Benson indicated little sympathy with present farm price support programs.

Democrats from farm states say they already are getting letters from dirt farmers attacking Benson, some demanding that he be fired.

reached at the session. "Unless you might say we are in a hell of a fix." He asked not to be named.

Senate Republican Leader Taft brushed by reporters, declaring he had "nothing" nothing at all to say.

Then he tossed back over his shoulder as he strode from the White House:

"It was a briefing on a lot of facts, military and diplomatic."

Hallbeck called it "a very informal briefing," which he said covered the whole military outlook.

He added that it dealt with both the Korean and the Indo-China wars, among other things.

When Hallbeck declared that everybody knows the world situation amounts to a rifle picture, a reporter asked whether he meant a military or economic focus.

Hallbeck said he meant both and added that the situation represented "a burden on the economy."

WASHINGTON, D.C. — Secretary of State Dulles has assured Allied nations the United States is seeking to avoid "unilateral embargos, and troubles" with them in clearing new moves against Red China.

One of several actions under consideration, Dulles told a news conference yesterday, is establishment of a naval blockade of the China coast. Another, he said, is stricter "enforcement" of United Nations recommendations against trade with China.

"The whole range of measures of varying kind which could be adopted," Dulles said, is under intensive study in the light of three considerations: "Their feasibility, their military consequences and the degree of political embarrassments and troubles that might be caused with our allies."

It was Dulles' first news conference at the State Department since he became secretary. There were no limitations on questioning and a variety of subjects were discussed.

Dulles was questioned at length about what the administration hopes to accomplish by repudiating "secret understanding," which permit enslavement of foreign peoples," as called for by President Eisenhower.

The proposed action, Dulles said, would serve these two primary purposes:

"One is to register dramatically what we believe to be the many breaches by the Soviet Union of the wartime understandings; and, secondly, to register equally dramatically the desire and hope of the American people that the captive people shall be liberated."

"This document or pronouncement is not intended to be a domestic political pronouncement. It is intended to be a pronouncement in relation to foreign policy, which I hope will receive and I think should receive a substantially unanimous backing in the Congress by the members of both the principal political parties."

Ex-Highway Commissioner Faces Charge

LITTLE ROCK, Ark. — Prosecutor Tom Downie, stepping in where a Grand Jury was thrown out, has filed the first criminal charge involving the much-investigated Arkansas Highway Department operations.

He filed an information in Pulaski County Circuit Court yesterday charging A. D. Mason of Camden, a highway commissioner during former Gov. McMath's administration, with accepting a bribe.

Downie charged that Mason accepted a \$500 check written by Maxwell J. Lyons, president of the Lyons Machinery Co., Little Rock, for the check, made out to the McMath campaign fund in March, 1950, constituted a bribe.

The prosecutor said the case probably will be tried during the March term.

He said that in the absence of a grand jury he filed the information at this time to keep the case within the statute of limitations.

The second Grand Jury, investigating Highway Audit, Commission in the State Highway Department was discharged last week by Circuit Judge Harry C. Robinson.

Under pressure of two Arkansas bar associations, Robinson Tuesday said he would charge the March Grand Jury with continuing the investigation.

Downie said that, under the statute.

Bill signed by governor:

HB 14 — Define as felony smuggling of firearms, explosives, intoxicants, etc., into a prison. Act 9.

HB 196 — Allow city councils to authorize installation of parking meters. Act 9.

HB 222 — Authorize charging of fee for copies of state police accident reports. Act 90.

SB 139 — Regulate burial associations. Act 91.

SB 258 — Increase minimum benefits of retired teachers. Act 92.

EVEN THE MUFFLER DOES THINGS TO THE POWER

ROADMASTER

CUSTOM BUILT BY BUICK

Back in the old days, any man who wanted real performance used a "cutout" on his car. It was a device that by-passed the muffler—because mufflers have always cut down on usable power. But it made a lot of noise. Muffling that noise—and still getting rid of exhaust gases as fast as they come from the cylinders—has stumped the automobile people for years.

Now, Buick engineers have racked up another "first." They have come up with a muffler of supreme quiet and zero power loss—first time in history.

It is called a dynamic flow muffler. And it is one of many advances that make the great 1953 Buick Roadmaster even greater.

For this automobile—the greatest Buick in fifty great years—has a brilliant new V8 Engine that can turn up 188 hp. And every one of its horsepower can be delivered as usable power—since none is restricted in muffler passage.

As you would expect, there is more to this magnificent motorcar than power, great though it is.

There's a finer ride, better maneuverability, easier handling—now with Power Steering as standard equipment.

ment, and Power Brakes optional at extra cost.

And there's the amazing new Twin-Turbine Dynaflo bringing quieter, jet-fast getaway to complete and utter smoothness.

Why not come in and see for yourself just how great the greatest Buick in half a century really is?

News Meets Produce No Sensations

By JAMES MARLOW
WASHINGTON (U) — President Eisenhower and Secretary of State Dulles have now taken their plunges into the chilly, and sometimes slippery, pool called the Washington news conference.

They swam around all right, their heads above water, and neither seemed to be breathing hard when the dip is over. Eisenhower held his first conference since taking office on Tuesday. Dulles held his yesterday. The two men did not handle their conferences in exactly the same way. Each had one thing in common. Neither produced any news sensations.

Eisenhower's conference lasted 30 minutes. He used up more than half that time himself, making statements. In the time that was left he answered questions. When the half hour was up he broke off the conference.

Dulles' conference also lasted about 30 minutes. He had no general statement but submitted at once to questioning. Instead of ending the conference himself he let the newsmen do it.

Former President Truman, because of his years in the Senate before becoming president, knew more when he entered the White House about the inner workings of the government as a whole than does Eisenhower, whose whole career until now was in the Army. Nevertheless, Eisenhower made no bobbles. He answered questions with some rapidity, at no time dodged behind the "no comment" which is the customary Washington method for not answering questions, and once when he felt unsure of the answer said he would provide it later.

Truman, in spite of his broader government background in the beginning, had a tendency sometimes to answer questions so fast that he made mistakes which later had to be corrected.

After he had been scorching that way several times Truman became more cautious although he retained to the end his habit of firing rapid answers.

Truman was always accompanied at a news conference at least by his press aides and frequently, probably most of the time, had scattered around him, as he faced reporters, other White House assistants or government officials.

Eisenhower came into his first news conference with only his two top press aides, who sat some feet away from him and were not asked for, and did not volunteer, any help on answers.

Sometimes, as Eisenhower did yesterday, Truman began his news conferences with a prepared statement. Eisenhower started off with several sheets of notes in front of him. He referred to them as he made his statements.

He didn't bother with them later when the regular questioning started. Like Dulles, but unlike Eisenhower, Truman let the newsmen end the conference when they had run out of questions or thought they had asked enough.

Dulles walked into his first news conference as secretary without any notes. In this he was unlike his predecessor, Dean Acheson, who always walked in with prepared notes in a black book.

Acheson was almost always accompanied by only two men, his top press aides, Michael McDermott and Lincoln White. Both are State Department fixtures. It seems they had held the same job under previous secretaries. Dulles, who has known both for years, retains them. They sat close to him yesterday, together with Carl McCordle, assistant secretary of state for public affairs, a Dulles appointee. He sought no help from the three during the conference.

Weight Is Worrying Ball Players

By BEN PHLEGAR
Eddie Stanky fined himself \$9. Wait Drop went back to college. And for the 37th time somebody predicted the Yankees are the ones to beat in the American League.

It's baseball spring training time again. Baseball players tend to pile on pounds during the winter when they switch from a game a day to a fireside-and-slippers routine. So weight naturally is a big topic as the training camps open.

Stanky levied a \$2-a-pound weight fine against his St. Louis Cardinals. When the Red Bird pitchers and catchers showed up at St. Petersburg, Fla., yesterday, Cliff Chambers had to dig up \$13. Stanky himself as 4½ pounds over and paid \$9.

At Brooklyn's lavish Vero Beach, Fla., in-lay, Roy Campanella pointed to the scales with pride as he weighed 233, almost 18 pounds under his World Series weight of last season.

The Dodgers, who have switched their official opening date several times during the hot-stove season, decided to put in their first regular drill today although some of the players have been around for a couple of weeks.

Clem Labine, almost a dead loss because of arm trouble last year, threw fast and hard yesterday and said his arm felt fine. Ralph Brancan, another 1952 sore-arm casualty, reported ready for full-scale work.

The news wasn't so pleasant at the West Palm Beach camp of the Philadelphia Athletics. After only one workout pitcher Harry Byrd, last year's American League Rookie of the Year, went to bed with the flu.

The Phillies, who haven't opened camp as yet, also had hospital news. Third baseman Willie Jones is suffering from abdominal pains and doctors at his home in Laurinburg, N. C., diagnosed his trouble as possible kidney stones.

Walt Dropo, Detroit first baseman, dropped in on his old college grounds at the University of Connecticut and put on a demonstration for the university's baseball candidates. Dropo says he's ready after winter workouts with Johnny Pesky of the Tigers at Andover, Mass.

Out in San Bernardino, Calif., the St. Louis Browns, rounding out a full week of training, spent the day practicing rundown plays between home plate and third base.

In other developments yesterday Billy Pierce, ace left-hander of the Chicago White Sox, picked the Yankees as the class of the American League but warned the folks not to overlook the revamped Chicago entry.

The Chicago Cubs open today at Mesa, Ariz., and the first of the New York Giants leave for Phoenix by train.

Eisler Says He Is Not Fleeing

BERLIN (U) — Gerhart Eisler, deposed propaganda boss of Communist-ruled East Germany, personally dispelled rumors he had fled to the West with a speech last night in East Berlin's Soviet House of Culture.

"I cannot be in two places. I am here," he commented sarcastically, in an apparent reference to a report published in last Sunday's West Berlin Telegraph that he had bolted from the Red regime to escape being jailed in the spreading current purge.

Eisler, himself a Jew, declared there was no anti-Semitism in East Germany or in the other Soviet satellite states. But he attacked Zionism and declared that all "Jewish capitalists" are essentially Zionists.

Because of the nature of the secretariat, Acheson and Dulles both knew one thing was sure: an international explosion. Both are capable of picking their way through the language gingerly.

SPORTS ROUNDUP

By JACK HAND
For Gayle Talbot

NEW YORK (U) — Boxing had its own little U. N. session yesterday in a quiet dining room over a swank 50th Street restaurant.

J. Onslow Fane was in town. As you might suspect, J. Onslow is British, very British. In fact, he is chairman of the British Board of Boxing Control.

As the angular British gentleman also is president of the European Boxing Union, he was a prize catch for the luncheon meeting of the Boxing Writers Association.

Onslow ran over the same old story that he has been telling in London for weeks. How he would insist that Randy Turpin fight only for the championship. No tournament or "eliminator," as he said.

"A fortnight ago," he said, "almost every American, except the women, were included in your middleweight tournament. Even a French welterweight. That struck me as slightly peculiar. But then, it might have been a slip of the pen."

He talked at some length on the qualifications of Turpin, the British, British Empire and European middleweight champions. He made it clear that the British would not budge from their position.

"We feel a fight between Turpin and the leading American should be for the title," he explained. "For a fight between Turpin and Charles Humez. But no eliminator."

The next international visitor was Gilbert Ben Alm, the leading French promoter, speaking on behalf of Humez, his box-office ace.

He unlearned some Gallic logic, after exclaiming in English: "If you feel Turpin No. 1 middleweight. If you follow advice of those who say Humez can beat Turpin, you must say Turpin and Humez at least equal. If they fight, it should be for championship."

"You would get hurt if we let go Humez and Turpin? Maybe we would give your men a little more ambition to have somebody ready to fight the winner in September."

That prompted Ahe Greene, the National Boxing Association commissioner, to warn American middleweights (Bobo Olson, in particular) to stop being "prima donnas" and get in the tournament or risk U. S. recognition of Humez, Turpin as a title bout.

Nat Fleischer, our 12th-term president, reported a neat balance in the treasury. Then the U. N. session broke up in a happy mood. Fane still wants Turpin to fight for the title. Ben Alm still wants Humez to fight for the title. Greene still wants Americans to have a chance at the title. Olson still wants to fight Turpin.

It looks like the only action is bring back Sugar Ray Robinson.

Employment in U. S. Shows Drop

WASHINGTON (U) — The government reported today that nonfarm employment in January was 47,200,000 — up 1,300,000 from a year ago but a drop of 1,600,000 from December.

The Bureau of Labor Statistics said decline was largely seasonal and due to post-Christmas layoffs of temporary sales clerks and postal workers.

Most of the gain over last year the bureau said, was due to recovery of consumers' goods manufacturing from last winter's depressed levels.

Employment in retail trade was also up substantially over the year.

Cards Confident of Miller's Control

By JOE REICHLER

ST. PETERSBURG, Fla., (U) — If confidence and control are important to a pitcher's success, then Stu Miller, the young pitching star of the St. Louis Cardinals, should have a long reign in the major leagues.

Miller, the modern mystery man of baseball, has an abundance of both. By his own admission, he doesn't have too much of anything else. His curve ball flutters instead of breaking, and his fast ball just isn't. Furthermore, he is shy in experience. But the frail-looking youngster stole from Northampton, Mass., is a whale of a pitcher just the same.

Sounds confusing, doesn't it? But so were the National League battles last year when he broke in by a sixth, 14th starter over the Chicago Cubs on August 12 and went on from there to rack up five more victories in the final seven weeks of the season. He lost only three.

BURNS FATAL

FT. SMITH, (U) — Mrs. Mattie F. Smith, 78, of Pocahontas, Okla., died at a hospital here yesterday from burns suffered when the coat she was wearing caught fire while she stood near an open fire.

Hospital attendants here said the woman suffered 1st, 2nd, and 3rd degree burns over her entire body.

Gurdon Victim of Two Hope Cage Teams

Hope senior girls and the boys won a doubleheader from Gurdon last night both by lopsided scores.

Kay Kent tallied 19 points to lead the ladies' 49 to 20 victory while Paul Huddleston with 18, Margaret and J. Bruce with 18 and 13, led the B boys over Gurdon's second team 68 to 41.

The local grade school boys again defeated the Emmet youngsters by a 37 to 22 tally on the Hope court Tuesday night. David Watkins scored 18 and the Sutton brothers teamed for 14 points.

Ward, Goldman Ahead in Florida

ST. AUGUSTINE, Fla., (U) — Harry Ward and David (Spec) Goldman, overshadowed by a rival, Guadalupe, the defending champion, started today's first round of golf play in the National Tournament of Golf Club Champions.

To Guadalupe, barrel-shaped golfer from Valdosta, Ga., it was just a repetition of last year. Ward, the British Amateur Champion from Atlanta, was medalist, too but dropped out in the second round of match play and Guadalupe went on to win.

For the 36-hole qualifying round Ward and Goldman, Dallas construction executive, tied for medal honors at 136-eight under par in the 6,387-yard Ponce de Leon course. Guadalupe shot 149.

At the North Pole, every day is south.

ORDINANCE NO. 706

AN ORDINANCE TO VACATE AND ABANDON ALLEYS IN BLOCKS 2 AND 3 IN THE CITY OF HOPE, ARKANSAS, AND FOR OTHER PURPOSES.

WHEREAS, a petition was duly filed with the City Council of the City of Hope, Arkansas, on the 20 day of January, 1953, asking the City Council to vacate and abandon two certain parcels of land designated on the plat of the City of Hope, now appearing of record in the recorder's office within and for Hempstead County, Arkansas, as follows: Block 2, page 17, as shown in Block Two (2) and Three (3) in said City, running easterly and westerly through said blocks from North Walnut Street to North Laurel Street, as more particularly described hereinafter.

WHEREAS, after due notice as required by law, the council has, at the time and place mentioned in the notice, heard all persons desiring to be heard on the question and has ascertained that the alleys, or portion thereof, hereinbefore described, have heretofore been dedicated to the public use as alleys herein described; have not been actually used by the public generally for a period of at least five years subsequent to the filing of the plat; that all the owners of the property abutting upon the portion of the alleys to be vacated have filed with the council their written consent to such abandonment; and that public interest and welfare will not be adversely affected by the abandonment of such alleys.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF HOPE, ARKANSAS:

Section 1. The City of Hope, Arkansas, hereby releases, vacates and abandons all its rights, together with the rights of the public generally, in and to the alleys designated as follows:

A strip of land 16 feet in width running easterly and westerly through Block 2 in the City of Hope, Arkansas, bounded on the north by Lots 1 to 6, inclusive, on the south by Lots 7 to 12, inclusive, in said block, on the west by North Walnut Street and on the east by North Laurel Street;

A strip of land 10 feet in width running easterly and westerly through Block 3 in the City of Hope, Arkansas, bounded on the north by Lots 1 to 6, inclusive, in said block, on the south by Lots 7 to 12, inclusive, in said block, on the west by North Walnut Street and on the east by North Laurel Street.

Section 2. A copy of this ordinance duly certified by the City Clerk shall be filed in the office of recorder of the county and recorded in the deed records of the county.

Section 3. This ordinance shall take effect and be in force from and after its passage.

Passed: Feb. 17, 1953.

These Days

George E. Sokolsky

GREAT CAUSES

Great causes are often corrupted. Small men and become a caricature of the ideals and purposes of the founders. Many of the movements for human liberty degenerate into little bureaucracies out of which a petty jobholder makes a comparatively small living.

In the exciting days of the 1930's and 1940's, the Communists made great strides in this country, reaching, in their influence, as high as the White House. They infiltrated the Government, the universities, the theater and other arts of expression. The ease with which the Communists were able to move is due to four causes:

1. The distress of younger people over the Depression;
2. The stodginess of older people and their support and expression of American ideals;
3. The failure of government to grasp the nature of the Communist conspiracy;
4. The support of Communist movements by the great powers of the Russian government.

Yet, it can be said that these anti-Communist movements naturally have a wide range both in personnel and in concept. There is no federation of anti-Communists. There are officers to regiment men and women; there is no Executive Committee to purge recalcitrants. Each group and each individual does the work that knowledge and conscience permit.

During the past three years, two interesting tendencies have appeared. One is the anti-Communist tendency. This appears in the writings of many former Communists and self-serving liberals who denounce Stalinism but are

peared. One is the anti-Communist States to investigate, analyze and extirpate Communism in this country.

Naturally, many of them are fearful that such investigations will ultimately disclose their past activities, although they now are no longer Stalinists. They want by-gones to be by-gones without paying for their sins.

These people live in terror that some witness before a Congressional committee will disclose their shame or that some newspaperman will bring them before the public eye. They live like cheats, not daring to confess error as so many really brave men and women have done. They use their influence to ridicule Congressional investigations. Their present target is, of course, Senator Joe McCarthy. Their next target will be Senator William Jenner.

The other tendency is among the anti-Communist groups. They are not without sinful ones. This is a natural result of the current unpopularity of Communism. The trouble arises from the desire of many former Communists and many of those mentioned in investigations to be cleared.

No human being can clear another of error. Only the penitent, by confession of error, can clear himself. Only such public confession can win credence. Many have done precisely that.

Therefore, lawyers, investigators, fixers, etc., who for a fee or for "expenses" as they sometimes put it undertake to clear men and women of former and present errors, claim to do more than they can. There is a lawyer in Hollywood who engages in this business as a specialty. Most anti-Communists do not even answer his mail.

Anyone who pays to be cleared is a fool. All he needs to do is to declare himself publicly or to engage publicly in anti-Communist activities of his own choosing. In Hollywood, more than a hundred persons in the motion picture industry have found a public way of proving a real and unmistakable change of heart and it has not cost them a penny. In radio and television, the sponsors, advertising agencies and personnel are so scared that they are either unjust in their attitude that anyone who is "a controversial person" should

Armoured Leggings for Soldiers

WITH SEVENTH DIVISION, Korea. (A) — Some American fighting men in Korea soon may be sheathed in armor from neck to ankle.

Armored vests are standard. Armored shorts are being tested in combat.

Armored leggings apparently are next.

The latest item in the fast-developing body armor program is the nylon armor leggings which will be attached to the shorts.

None of the leggings have been sent to Korea, but are expected soon. They are being tested by the quartermaster general's office in Washington.

The armored vest weighs eight pounds and the shorts four pounds. The leggings would add eight more for a total of 20 pounds.

Dallas Telephone Workers to Strike

DALLAS, Tex., (UP) — Dallas telephone workers have voted to strike against Southwestern Bell Telephone Co. and such a strike would probably spread to the entire six-state area served by the company, union officials said today.

Albert Bowles, secretary-treasurer, said he would not be employed with or without investigation, or they submit to what I believe to be blackmail.

It is a safe rule that anyone who takes money to clear a person of charges which imperil his livelihood is not an honest man. I can mention a long list of those who have generously and at their own expense helped ex-Communists along the only road to the respect of their neighbors, confession.

Those who take money for this purpose are not straight. I do not include in this denunciation men who are openly employed checking lists of prospective employees against available data. I do include those who say that they can fix them in social and get cash under the table. Nothing can be done by secrecy or crookedness.

Those Marines Are Pretty Wonderful

LONG BEACH, Calif. (AP)—There were tears in her eyes and a sob in her voice last Mrs. Betty Ann Elwell was told, too, when she said:

"Those Marines—pretty wonderful guys."

And in Los Angeles, Mrs. Amalia Gutierrez nodded quietly in agreement.

They were talking about men of the 1st Marine Division in Korea, who dug into their pockets and raised \$1,100 — \$550 each for the baby sons of Mrs. Elwell and Mrs. Gutierrez.

The infants will never know their fathers. Pfc. John Robert Elwell of Fayetteville, W. Va., and Pfc. Robert R. (Rudy) Gutierrez of Los Angeles.

Both died heroically in an assault on a Red-held hill.

Their company, which was ordered to "neutralize" the hill—and did—lost 16 men. Seventy-one others were wounded in the bitter fighting.

A day or so later M. Sgt. H. C. Bruton of Denison, Tex., and the company commander, Capt. Don Blanchard of Highland, Calif., were cataloging personal effects of the casualties. Bruton recalled giving Gutierrez a drink to celebrate the birth of Rudy's son, and Elwell running into a tent, waving a telegram and shouting, "I'm a father!"

"Captain," said Bruton, "we ought to do something for the kids." He still a cardboard box set it on a desk and went down the company street to pass the word: "If you want to give something to the kids of Gutierrez and Elwell

Casualties Gain 274 in a Week

WASHINGTON, (AP)—Announced U. S. battle casualties in Korea reached 130,093 today, an increase of 274 since last week.

The Defense Department's weekly summary based on notifications to families through last Friday reported:

Killed in action Inc. 45, Total 20,545.

Wounded Inc. 223, Total 96,518.

Missing Inc. 5, Total 13,630.

Total Inc. 274, Total 130,093.

Bottlers Name Jonesboro Man

LITTLE ROCK (AP)—Charles White of Jonesboro was elected president of the Arkansas Bottlers of Carbonated Beverages at the closing session of the group's annual convention here yesterday. He succeeds A. B. Stamps of Newport.

Other officers include Carl Bell, Jr., of Little Rock, vice president; Mrs. Katherine Hahner of Little Rock, secretary, and Francis Blund of Paragould, treasurer.

Although children of multiple human births usually are small at birth, most twins and triplets are normal size at 6.

There's a box in my tent."

The response amounted to 1,109 worth of savings bonds. Capt. Robert Neal of Elkhart, Ind., giving the last \$50 he had, summed it up with: "They were my friends. They were good fighting men."

Mrs. Elwell 35, said she soon will take John Robert Jr., 3 months back to Fayetteville, which was her home too. She'll save the money for some useful purpose later.

"Those fellows — wonderful—especially because they didn't know our family personally," she said. "John was a wonderful man, to me but I thought he was just another guy as far as the Marines were concerned."

She choked up a bit as she remembered: "My husband's last letter was written Feb. 1 and he was so anxious to see the baby. He figured on being home in April."

Mrs. Gutierrez 22, said she and Steven, 5 months will continue living in Los Angeles with her parents.

"Rudy wrote me his buddies had a drink to celebrate the baby's birth last August," Mrs. Gutierrez said. "The money will be saved for Steven's education."

Maybe someday these children will want to know how their fathers died.
